CUSTOM GOLF BALL GUIDELINES

LOGO PLACEMENT

LOGO SIZES

Here's a quick guide to help you visualise the correct size of your logo on a golf ball.

TECHNICAL REQUIREMENTS

LOGO	Logo should note PMS colors . File types accepted: PDF (vector), EPS, AI, or JPG. If JPG resolution is too low there is a \$100 fee to redraw.
PHOTO / IMAGE	File types accepted: JPG, PDF, EPS, or AI. Minimum resolution: 300dpi and 4" x 4" size for optimum resolution. Printing size 22mm or 25mm
MAXIMUM FILE SIZE	20MB
LOGO USAGE	Licensed / royalty bearing logo will require written authorisation prior to artwork setup. The printing of any message, logo or photo is at the discretion of Wilson Sporting Goods

TRIAD GOLF BALL

Triad delivers powerful, precision performance that helps you find fairways, attack pins and sink putts. Triad is engineered for long, stable flight, tenacious control on approach shots and pinpoint accuracy for straighter putts.

HIGH MOI DESIGN

A high moment of inertia design delivers long, stable flight off the tee thanks to a carefully calibrated triple-layer construction. Triad holds its line, and that translates to more fairways hit.

HIGH-FRICTION CAST URETHANE COVER

Our thinnest-ever cover enhances club face interaction for more control and more spin, so you can attack pins with confidence.

TRI-BALANCED CONSTRUCTION

Uniform density throughout all three layers was engineered by moving weight from the core to the mantle and cover, eliminating heavy spots within the ball for pinpoint accuracy and straighter putts.

HIT MORE FAIRWAYS

ATTACK MORE PINS

SINK MORE PUTTS

TRIAD
NEW | 12 BALL PACK

- Powerful, precision performance
- High MOI design
- High-friction cast urethane cover
- Tri-balanced construction

STAFF MODEL GOLF BALL

Staff Model is a true Tour-caliber, 4-piece urethane golf ball that delivers unmatched precision, speed and consistency. Since uneven paint can adversely affect performance, Staff Model is painted using a finely controlled application process that ensures every urethane ball leaves the factory with a nearly flawless finish. This means you can trust that Staff Model will always go where you need it to go. This is pure precision.

V-COR™ ADVANCED PERFORMANCE

A unique core composition magnifies energy to generate maximum velocity off the club face for greater distance performance.

4-LAYER SPIN & CONTROL

More layers. Higher spin. Better control. Unmatched distance and shot-shaping off the tee. Tour-level workability on the fairways. Predictable stability on approach shots and exceptional control around the green.

3SIX2 SEAMLESS URETHANE COVER

Our seamless 362-dimple pattern smooths airflow around the ball for a lower ball trajectory and maximum distance performance.
